

Surrealist Painting - Watercolors

Goal:

- To create a surrealist watercolor painting using two or more images combined.

You Must:

- Use at least 2 images combined into one painting.
- Use Watercolor paints.
- Develop 3 sketches combining the images.
- Make the final painting at least legal paper size. (11x18 inches)

You May:

- Use more than 2 images in one.
- Manipulate the image to make it more abstract.
- Reference a surrealist artist's style.

Think:

- What are some ways you can use a surrealist's ideas in your own painting?
- How can you change or manipulate your images to make them more abstract?
- How can the behavior of watercolor work for you to create a specific affect?
